Closed on Memorial Day

The following offices will be closed on Memorial Day, Monday, May 27th.

All offices of the Grayling State Bank, Chemical Bank North, Old Kent Bank, Wurtsmith Community Federal Credit Union, City Office, County Building, and the Crawford County Public Transit.

Jaws of Life Used in Car Roll-Over

The Grayling Fire Department used the Jaws of Life to free Mark DeLeon, 24, of Southgate after his vehicle rolled over and pinned him. The accident occurred Saturday, May 18, at 12:30 a.m. about two miles east of Grayling on North Down River Road. Sheriff deputies said DeLeon was driving too fast for conditions and lost control of the vehicle. Citations were issued to the driver and the investigation of the accident is continuing.

Children Believed Involved in One-Acre Fire

Children playing with fire is believed to be the cause of a one-acre fire along Old M-76 south of Fletcher Road Monday, May 13. The fire burned in forest cover and the Grayling DNR forest fire fighting unit controlled the blaze.

On Tuesday last week, the DNR and Grayling Fire Dept. put about 7,000 gallons of water on a fire in the east part of the Grayling Industrial Park. The debris fire was small but caught stumps and other debris on fire under a bank and required a lot of water. Four fires on military ranges were also brought under control by the DNR and Camp Grayling Fire Dept. The largest fire was 17 acres Saturday on the range north of North Down River Road.

Garage Ruined By Fire

Fire ruined a garage located about five miles east of Grayling along M-72 East Saturday, May 18, about 11 a.m. The fire broke out in the rear of the garage and spread toward the house nearby. The garage was destroyed and the house received minor damages caused by smoke and scorching. The cause of the fire was believed to be electrical problems. The owner of the garage was not present and police were going to contact the owner before releasing his name.

Identity of Criminal Sexual Suspect Released

The Otsego County Prosecutor's office has released the name of a 28-year-old Frederic man charged with third degree criminal sexual conduct. Darryl Ayers, of Frederic, was charged with criminal sexual conduct in connection with an incident involving an 18-year-old Gaylord high school student. The girl was walking to school March 11 when she was picked up against her will, she told Gaylord police. She reported being taken to a remote area of Otsego County where she was sexually assaulted.

Ads, News Needed Early For Memorial Holiday Issue

Due to the Memorial Day Holiday Monday, May 27, the Avalanche office will be closed all day that Monday. Advertisements and news items for the Thursday, May 30, issue of the Avalanche should be turned into the newspaper office by 10 a.m. Friday, May 24.

New Petunia Program Planned

The Grayling Beautification Committee would like to acquaint you with the petunia planting program this year.

Each business will be paying for and planting their own petunias. They will also be responsible for weeding and watering, although limited help will be available for these jobs.

We will be ordering in large quantities and therefore we will be able to purchase them at a good price. A red and white theme is planned. Barrels are available at several businesses in Grayling for those who wish to plant in this way.

The plants will be delivered to the city park for planting the first week in June. Merchants will be contacted by the committee or orders may be placed at the City Hall or Chamber of Commerce. The order and payment deadline is May 24th.

Camp Grayling Adds 94 National Guard Part-time Positions

Ninety four part-time National Guard positions will be added to Camp Grayling, announced Major General Vernon Andrews, Adjutant General of Michigan National Guard.

The part-time jobs - involving National Guard training one weekend each month and two weeks of annual training - will add about \$250,000 to the Camp Grayling National Guard unit's total annual payroll.

Camp Grayling Commander Colonel Gwilt said the 94 new positions have been combined with the 70 guards from the Camp Grayling Annual Training Site unit to form a new Installation Support Unit of Camp Grayling with 164 persons.

New positions created at Camp Grayling through the unit expansion will be nine computer operation jobs, comptroller jobs, an attorney position, chaplain, inspector

general, and public information officers. Additionally, the Camp Grayling maintenance, supply, and engineering crews will be increased.

Colonel Gwilt said Camp Grayling needed the additional personnel and has been working about three years to obtain them. He said more than half of the new National Guard positions should be filled by the end of May and by next June all of the 94 new spots should be filled.

The Michigan National Guard Department of Military Affairs said the purpose of the Installation Support Unit of Camp Grayling is to provide logistical, maintenance, and fire fighting forces for the more than 50,000 National Guards and Army Reservists that train at Camp Grayling each year.

Anyone interested in joining the National Guard can call their toll-free recruitment number 1-800-292-1386.

Hatchery Opens May 25 With 18,000 Trout

Close to 18,000 trout will be in the raceways at the Grayling Fish Hatchery this Saturday as the tourist attraction opens for the summer season.

The trout will range as small as three-inch rainbows to 28-inch browns.

The hatchery hours this year will be 8 a.m. to 6 p.m. seven days a week starting this Saturday, May 25.

Admission to hatchery is free. The hat-

tery sells fish food for ten cents or in one dollar bags for visitors to feed the trout. The 18,000 trout go through about a ton of fish food every 15 days from handouts by visitors and feedings twice a day from hatchery personnel.

This is the third year the hatchery has opened as a tourist attraction. In 1983, the hatchery had 37,500 visitors. In 1984, the hatchery had 38,711 visitors.

Ausable Trail Lawsuit Settled Before Hearing

A lawsuit against the widening of AuSable Trail was settled in the chambers of Judge Alton Davis May 3rd before the case reached the courtroom.

The roadway will be 66 feet wide - the normal width of county roads - but the new portion to be widened was moved 21 feet south. Moving the right-of-way 21 feet south protects some of the land Shirley and Norm Schmoeck were concerned about, and at the same time, allows the road commission to straighten out a curve.

The Schmoecks, of Grayling, had filed a lawsuit to prohibit the county road commission from widening AuSable Trail along their property.

They claimed the road commission was building the road across their property on AuSable Trail without their permission and they had found no record of the road commission filing an easement for road purposes. They contended the road commission had no legal right to use more than a 24-foot wide portion of the road commonly used.

Both of the parties also agreed the road commission would pay \$250 in costs to the Schmoecks as part of the out-of-court agreement.

Grayling Township and the road commission are planning to widen and pave a two-mile length of AuSable Trail this summer.

Memorial Day Parade Set for Monday, May 27

The annual Memorial Day Services sponsored by American Legion Post 106 will be Monday, May 27, at 10:00 a.m. All groups or individuals participating are asked to be on County Road beside the cemetery at 9:45 a.m.

A special attempt is being made to turn out veterans to take part. All veterans, whether previously contact or not, are asked to be there.

If veterans can not turn out for an hour to honor our "honored dead", how can other people be expected to do so, stated Parade Marshal Art Thayer.

Thayer said he is expecting 100% of the country's World War I vets. Both Earl Wood and Frank Promchenko, both 89 years old or older, have reported that they will be there.

If there are any other World War I vets, please contact Art at 348-7253 or if anyone knows of any others, please call so they can be invited. They will be given a special place in the parade.

Services will start at the cemetery at

From Our Corner...

What a beautiful day...the only reason we mention that is, this morning we happened to see our face in the mirror and figured we made it one more day...besides, we are going to be a little pressed on our day to get out the corner because we are invited to a wedding and reception...Mary Alef and Tim Neal are going to tie the knot this afternoon and our bride and I are invited...we do have a problem, we will have to miss the wedding because our auto is being repaired, and we will have to walk...we look forward to the reception because it is always refreshing to us for the bits of conversation we have on occasion with the father of the bride...

★ ★ ★

We've got double-trouble in our back yard...as much as we love to watch the Orioles and the oranges, two culprits have just about taken over...this past weekend we have had to chase two chipmunks and a black squirrel off the table after they had frightened the Orioles away...Saturday we loaded a bee-bee pistol so that Thelma could shoot at them to scare them away but, that didn't help, she aimed in the vicinity of chipper and hit the barn...the Humane Society doesn't have to worry about us, there is no way a bee-bee would kill, and besides one has to hit it first...

I really thought she would be a good marksman seeing as how she is about to retire next summer after 20 years with the National Guard but, I guess she wasn't paying attention during firearms drill...

★ ★ ★

Things we like to relate to our readers about former Grayling residents...the following was received from Mrs. Janet Matson White concerning her sister Elizabeth Matson...

"As President of the University of the Pacific, it is my pleasure to inform you of your selection as a 1985 inductee in the Pacific Hall of Fame.

Previously, only football players were considered for this prestigious honor. This year, the Hall of Fame Committee decided to include Pacific athletes, coaches, administrators and boosters affiliated with all sports. With your induction into the Hall, you will be joining some of the truly outstanding figures in Tiger history, including Amos Alonzo Stagg, Eddie LeBaron and Dick Bass.

We are sure there are many residents who remember the Matson family from years back...

★ ★ ★

While on nostalgia we'll add this note from Leta Babbitt, long time resident of Crawford County...

Mrs. Babbitt sent a clipping from the company paper to the fact that her son had retired in Kalamazoo...Arnold, better known as Arnie, grew up on the AuSable River and helped his parents Dan and Leta Babbitt at their lodge catering to tourists on the river...Arnie retired after 35 years...Mrs. Babbitt mentioned that Arnie had his first job as a youngster with the Avalanche and that he and Eddie Olson entered the service at the same time...we're sure many people around here remember these two young fellas...

★ ★ ★

We had dinner with Col. Barney and Mary Dukes Friday evening and during the conversation it came out that Col. Dukes, retired from the Indiana 38th Division National Guard was also a Grayling General...and we told him he had to show a little respect to us because I was a Buckeye Colonel No. 51 right behind Coach Woody Hayes...Barney and Mary have a summer home at McIntyre's Landing and spend quite a bit of time up here in God's country...

★ ★ ★

After three weeks of play in the Tuesday night league at the Country Club, Judge Emil showed the boys how it is done...on the 340 yard 7th hole Emil poked his drive out about 200 yards and then chipped in about a 140 yard shot...like the Judge said this happens only once in a lifetime...he did mention he is available on Tuesday afternoons if anyone wants lessons on chipping...

★ ★ ★

The clock has run out, it is time to go to Mary and Tim's reception at the Hotel, so, we will bid T.J., Stefany and Amber goodnight, and to all of our readers have a nice weekend, make it a safe and sane one, as we honor those who gave their lives for their country in the many conflicts...

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

23 Years Ago
May 24, 1962

Gene and Clarence Papendick and Bob Annis spent the weekend fishing in Canada, at the Agwa River and other spots.

Five hundred red pine seedlings were planted in the School Forest Tuesday by twenty Grayling High School boys under the direction of Wesley Kumpula.

Mr. and Mrs. Thomas Galvani returned to Brunswick, Maine, Sunday after spending some time here visiting his mother, Mrs. Mary Galvani and other relatives. On Saturday evening, Mr. and Mrs. Orlo Galvani entertained family and friends at a reception at their home in honor of them. Among the refreshments served was the traditional wedding cake. The honored guests received many lovely gifts.

Mr. and Mrs. Jim Parkinson of Roscommon had their daughter, Sheila Jo, baptised Sunday, May 13th, at St. Francis' Episcopal church. Mrs. Parkinson's cousin, Miss Nancy Bruening and her fiance Paul Doersam came up from Saginaw to be named godparents to Sheila along with Mrs. William Jack Millikin. The group then returned to the Leo Morency home for a potluck dinner, with Mrs. Floyd Goshorn also a guest.

Lloyd Steffins of Manitowoc, Wisconsin, spent the weekend with his sister, Mrs. Clarence Papendick and family. Valedictorian for 1962 is John Bearss, son of Mr. and Mrs. David Bearss. He had a grade point average of 3.48. Salutatorian was Barbara Rouse, daughter of Mr. and Mrs. James Rouse. She had a grade point average of 3.394.

A heavy line squall accompanied by extreme winds, thunder and lightning, hail and torrential rains struck the Grayling area at mid afternoon last Saturday. Trees were uprooted, broken off and limbs scattered by the storm. The Karen Woods area appeared hardest hit but scattered damage was reported here and there all over the city.

Miss Mary Ann Engel and classmate Jerry Miller of Caseville were here from Northeastern School of Commerce in Bay City Saturday and Sunday, spending the time with Mary Ann's parents, Mr. and Mrs. Barney Engel.

69 Years Ago
May 25, 1916

Mr. and Mrs. Rex Penny and children of Toledo were weekend guests of Mr. and Mrs. Dale Penny.

The Misses Evelyn Johnson and Margaret England of Bay City were the weekend guests of Miss Mildred Hanson.

Mr. and Mrs. Donald Akers and son of West Branch visited the former's father, Perry Akers, over the weekend.

Miss Pauline Schoonover and friends, Miss Kwapis and Miss Cole, left Friday on a two-week vacation. They will visit Washington and New York.

Carl E. Johnson and son Robert, Misses Theressa Lofquist and Pearl Anderson, all of Detroit, were at the Johnson cabin on the AuSable over the weekend.

The Bible Speaks

From Calvary Baptist Church

IS GAMBLING A SIN?

Have "church bingo" and state lotteries turned gambling from a sin into a respectable recreation? All of us have read of the criminal charges brought against "compulsive gamblers" who have broken the law to satisfy their addiction. Dr. Robert L. Custer, chief of staff at Brecksville, Ohio, Veteran Hospital says, "compulsive gambling is a psychological addiction...classified as a disease." He says his patients experience withdrawal syndromes of two-weeks' duration accompanied with "reaction ranging from restlessness to shakiness, severe headaches and diarrhea."

Gambling addiction develops from the sin of covetousness. That strong desire to have or possess that which one has not earned or deserved is the lust of covetousness. God said, "thou shalt not covet" (Exodus 20:17). "Let your conversation be without covetousness; and be content with such things as ye have..." (Heb. 13:5).

Gambling undermines the "work ethic" of the Bible. God says, "that if any would not work, neither should he eat" (II Thess. 3:10), and "in the sweat of thy face shalt thou eat bread" (Gen. 3:19). Gambling is an attempt to gain wealth without working for it or deserving it.

Gambling destroys character. Judge Michael L. McKinley, past Chief Justice of the Cook County Criminal Court, said, "Gambling has grown gigantically as a business which produces nothing but grafters, embezzlers, forgers, confidence men, pickpockets, burglars, and bandits." I have personally seen the poverty and crime which followed professional gambling into Atlantic City. The Presidents' Commission on Law Enforcement and Administration of Justice reported that law enforcement officials agree almost

unanimously that gambling is the greatest source of revenue for organized crime. It is estimated that about half of the gangland murders are connected with organized gambling.

A generation ago when organized gambling was limited, President Harry Truman said, "If you want to be like Nevada, that's your business. Nevada is the only black spot on the U.S. continent...Legalized gambling is the worst thing in the world. I don't believe in it. Too many people have jumped out of windows because of Nevada. It is a fever."

Gambling destroys compassion toward others. It destroys families and friends. It places lust ahead of love. It produces greed and destroys sacrifice toward others. The spoils of gambling produce vanity. "Treasures of wickedness profit nothing..." (Prov. 10:2).

The Apostle Peter warned us to "abstain from fleshly lusts which war against the soul." (I Pet. 2:11). The Apostle Paul tells us to "Abstain from all appearance of evil" (I Thess. 5:22). Gambling is an evil lust of the flesh!!

Almanack

What makes Lucas switch?

by Richard Milliman

ENOUGH, ALREADY!

Well...almost enough...almost already. Permit one more set of comments from this country correspondent about the magical switch of political allegiance by one Mr. William Lucas, the reigning executive of Wayne County, Mich.

Elected as a Democrat, Mr. Lucas is now a declared Republican.

If you have been even scanning the daily newspapers in Michigan for lo, these past many months, you'd think the conversion of Mr. Lucas was akin to another conversion of years past...when one Mr. Saul became one Mr. Paul, and subsequently achieved sainthood.

WHICH IS TO SAY that the conversion of Mr. Lucas has been one of the most masterfully executed political public relations efforts this humble essayist has witnessed in many, many years.

If Mr. Lucas can run a county as well as he can maneuver political and public attention, then Wayne County is out of the woods. And there are those of Mr. Lucas' fans who will claim he does perform equally as well as a government official.

We shall see, because his record in Wayne County will be hauled out and inspected in minute detail now that he is a potential governor and now that he has created new political foes, namely his former Democratic allies.

Hooray for Mr. Lucas. Anyone who can orchestrate the press and the politicians the way he has handled them is to be congratulated.

REPUBLICANS generally hail the Lucas conversion, and Democrats generally belittle it of inconsequential concern. They are probably both overreacting.

Mr. Lucas is not only a highly visible Democrat-turned-Republican, he is also now a black Republican...and even Republicans will admit there are precious few of those around.

Does Mr. Lucas' switch indicate any sort of ethnic trend? Probably not, but who can

be sure?

MR. LUCAS has pointed out that blacks have been electoral captives of the Democratic Party for the last 50 years or so, and that some re-evaluation is in order.

"Some of us have faithfully delivered our votes to one party, just to be taken for granted," he has said. "Some of us believed that only one party represented the poor, only to find its proposed solutions have kept us poor and stripped many of us of our dignity."

Other public figures, and some sociologists, have made the same point that Democratic-spoused welfare programs, aimed at helping the underprivileged, actually tend to destroy initiative and create eternal dependency, nearing slavery. Perhaps Mr. Lucas sees a political escape from such a welfare trap.

DEMOCRATIC LEADERS should be worried about what Mr. Lucas' moves really portend...and I would guess, in the secrecy of their inner sanctums there is concern.

Recall that in the past couple of national elections — and in some other cases, such as the state senatorial recall votes in suburban Detroit areas last year — organized labor leaders in the exercise of their role as political leaders, turned around to see who was following them and found the crowd of blue collar adherents rather thin.

Is the same sort of development about to occur in the ranks of black political adherence to the Democrats? Has Mr. Lucas detected a trend, or is his conversion to the Republican Party an attempt to lead such a crusade?

It's a thought.

OR IS MR. LUCAS' action simply because his way to higher office was blocked in the Democratic Party, and he has a good shot for the governor's race or a Senate run as a Republican?

That's possible, too.

Time will tell.

There. Enough already about Bill Lucas. At least for now.

Governor's Workers' Comp Plan Gains Wide Support

Warren M. Hoyt, Executive Dir., MPA

Governor James Blanchard's new proposal to cut workers' compensation costs by addressing only administrative issues has won immediate support from some key lawmakers, General Motors and the United Auto Workers, but drew sharp criticism from some business officials.

The Governor said he expects the plan, which will go to a legislative task force, to be approved before the summer recess.

The proposal evades the controversy over the definition of disability while focusing on streamlining the administrative procedures of the system.

As such, it reflects much of the December recommendations of University of Michigan law professor Theodore St. Antoine, appointed by the Governor as special counsel on worker's compensation.

Drawing the most fire are the Governor's proposals to eliminate the June 30 sunset on the disability definition and appoint an advisory council of business and labor to study the issue, and to eliminate the ability of the appeals board to review the entire record of a case decided by administrative law examiners.

Blanchard said the proposal would make the system more cost competitive and equitable for injured workers, although aides said exact cost savings are impossible to calculate.

And, alluding to GM's forthcoming decision on a site for its Saturn project, he said, "We are trying to do everything we can to improve cooperation because that could affect future business decisions."

The Governor said the administrative reforms will be a major improvement in the job climate and in administrative costs.

"Further reforms will be much more attainable if we can move out and clear up administrative problems," he said.

The Governor said he would create, by executive order, an advisory council equally represented by business and labor to address the definition issue as quickly as possible.

St. Antoine said he was delighted with the

proposals to address administrative problems, which he said constitute "the one universally acknowledged failure of the system - the crushing backlog of cases (five years)."

Senate Labor Committee Chairman Doug Cruce (R-Troy), co-chairman of the task force, said he was encouraged by the proposal, saying "it will be 95 percent of what we'll end up passing. I believe it does have the foundation to reduce costs."

Task force member Senator William Faust (D-Westland) said it appears to be a framework for a solution.

House Minority Leader Michael Busch (R-Saginaw) said he was skeptical that another advisory council would be helpful in addressing the long-standing battle over the definition of disability.

Michigan Manufacturers Association President John Thodis strongly opposed delaying action on the definition question, while applauding the proposed changes in administrative procedures.

Commerce Director Doug Ross, who helped win the support of the UAW and GM, said the advisory council would not simply study the definition, but would be charged with the responsibility to resolve the issue as fast as possible.

Major points of the Governor's plan are to make the disability definition for occupational disease consistent with that for traumatic injury; streamline the appeals process with a new appellate commission to hear new appeals while the existing board would clear away the existing backlog, set time limits on appeals, encourage voluntary arbitration, set new qualifications for administrative law examiners, encourage alternatives to contested cases, in part through expanded mediation, limit attorney fees by limiting the time period on which fees are calculated to 104 weeks and basing fees on benefits after deductions for other coverages, set a priority hearing calendar for cases, and adopt rules limiting medical fees to the maximum allowed by out-of-state Blue Cross trust fee schedule.

Wilderness Society Workshop at Kirtland June 8th

On Saturday, June 8th from 10 a.m. to noon, the Wilderness Society will be holding a workshop at Kirtland Community College on the Huron/Manistee Plan — the proposed management plan for the Huron/Manistee National Forest.

"We have a chance to learn from history," said Michael Anderson, a Saginaw native who is directing the Wilderness Society's Michigan effort under a six-month grant from the Charles Stewart Mott Foundation. "In the late 1800's, logging companies clearcut huge areas in our state. There was probably no other state that was cut so indiscriminately." "Now," said Anderson, "the forests are finally recovering. We owe it to future generations not to make the same mistake today that we did almost a century ago."

The public has until June 24 to respond to the plan issued for the Huron and Manistee National Forests. The Huron is east of Grayling, while the Manistee is on Lake Michigan, north of Muskegon. A plan for the Hiawatha National Forest is likely to be released in July, while one for the Ottawa is expected in September. Comments on these two Upper Peninsula forests must be submitted within 90 days of the plans' publication.

The Wilderness Society will track all three plans but expects to concentrate on the Ottawa plan. It is one of 12 around the country that the group will examine thoroughly and comment on in detail. Anderson will be backed up by scientists, economists and foresters from the Wilderness Society and elsewhere.

Anderson is setting up workshops in various cities to bring citizens up to date on forest planning law and the most effective ways to influence the plans for each forest.

"People have the power to change these plans," said Anderson, who has co-authored an authoritative, 300-page article on forest planning that will appear later this year in the University of Oregon Law Review.

Top Cookie Sellers**COOKIES GALORE** — Selling the most cookies for their troops were Kelly Louchart, Theresa Ferguson, Brooke Blaauw, Vivian Felvor, and Danyell Galvani.

In April, one hundred Girl Scouts hit the county delivering 7,488 boxes of Girl Scout cookies. Out of the twelve troops selling cookies Brownie Trout 2009 under the leadership of Carla Jean Gingerich sold 1524 boxes. The two high sellers in her troop were Stacey Austin and Jennifer Fassinger.

Girls from the other troops with high sales were Brooke Blaauw, Jaymie Corlew, Vivian Felvor, Theresa Ferguson, Danyell Galvani, Analisa Gildner, Pam Johnson, Kelly Louchart, Susie Lovely, Leslie Pelton, and Lisa Richie.

The total earnings for the Crawford County Troops is \$1,920 in the cookie sales. Some ways troops are using their monies this year are for badges, sashes, badge

books, roller skating, parties, Mackinac Island, Camelot play, Cinderella ballet, registrations for next year, camperships, and more.

The Mitten Bay Girl Scout Council received 76 cents per box, of which two cents goes into the Campership Fund to help send girls to camp. The cookie sale is vital part of the financial structure of the council and its success over the years has enabled them to provide outstanding camping programs and facilities which are not supported by United Way funds. In addition, it has provided troops with significant money for their own activities. Cookie money provides the camping program, Latch Key program, S.A.F.E., International events, the Jr. Golf programs, new docks at Camp Oak Hills, a new sports field at Camp Oak Hills, and the maintenance of other facilities.

A Cookie Cupboard was set up in area businesses selling extra cookies order of sixteen cases. The Service Unit Team would like to thank the businesses who sold cookies and to Chuck Fick for buying the cookies left. He has cookies for sale at Chicken Charlies and Chuck Fick and Sons Oil Dist. Some troops have cookies left also. Contact Sue Louchart at 348-8117 if you would like more cookies. Girl Scout cookies freeze well so buy them for your freezer.

New Legion Officers Named

American Legion Post 106 held election of officers at its business meeting on May 13. The following were elected:

Martin Kitchen - Commander; Carl Johnson - 1st Vice Commander; Larry Haske - 2nd Vice Commander; John Keir - Finance Officers; Leo Hirvela - Chaplain; Lyle Johnson - Sgt. at Arms; Mel Thunander - Historian.

In other business, the payment of Little League sponsorship fees and Chamber of Commerce membership were approved, financial reports of the Post were given, and a discussion of the Memorial Day Services were held.

Memorial Day is a day set aside to honor those people who gave their lives in support of our country. Without their sacrifice, we would not have the freedom we take for granted. All veterans are urgently requested to be a part of Memorial Day Services.

After the services, refreshments will be served to participating groups of children, and a luncheon and social afternoon will follow for the families of veterans and police who help to make this a memorial occasion.

LOUIE'S LANDING IMPROVEMENT — Improvements on three road ends on the south side of the Mainstream of the AuSable were started last Fall by the George W. Mason Chapter of Trout Unlimited, with extensive cooperation and assistance from the Crawford County Road Commission and the DNR. The improvements at Burton's, Louie's Landing, and Keystone were designed to control man-made erosion and to beautify the areas with fencing and sod. A path at Keystone with a wood chip base will be completed soon. Trout Unlimited wants to undertake similar types of improvements over the next few years and wants public input to set priorities. If you have a good idea or can identify a problem area, jot down the details and mail your suggestion to David Lemmen, TU Chapter Vice President, P.O. Box 1, Grayling, 49738. All suggestions should be sent by June 15, 1985.

Students Compete at West Branch Olympics

WINNERS — Left to right - Neil Tinker, Mechelle Steiger, Derrick Abeare, Scott Baker. Front row, left to right - Eric Sims, Corey Rice, Jessica Hall, Tommy Drouillard.

On Saturday, May 4th, 16 students from Grayling Elementary and Frederic Elementary Schools Resource Rooms went to West Branch for the Area 4 Special Olympics Summer Games.

Despite rainy weather, we had many ribbon winners and an enjoyable time.

Mechelle Steiger placed 1st in softball throw, 2nd in 50 yd. dash and 3rd in Frisbee Accuracy and long jump. Jessica Hall received a 1st place ribbon in 50 yd. dash and 2nd in softball throw. Billy Jo Sims placed 1st in softball throw and 2nd in 50 yd. dash, Frisbee Accuracy and long jump. Dawn Whaley received 1st place ribbons in Frisbee Accuracy and softball throw and 2nd in long jump and 50 yd. dash.

Kelly Bergey placed 2nd in Frisbee Accuracy, long jump and softball throw, and 3rd in 50 yd. dash. Shelly Horning received a 1st place ribbon in long jump and 3rd place in 50 yd. dash and Frisbee Accuracy. Rodney Boonie placed 1st in softball throw and punt, pass and kick, 2nd in the long jump and 3rd in 50 yd. dash. Tom Eldridge received 1st place for softball throw and punt, pass and kick, 2nd in 220 yd. dash, and 3rd in 50 yd. dash. Don Baker placed 1st in 50 yd. dash and 220 yd. dash and 2nd in the long jump. Josh Eldridge received 1st place in long jump and softball throw and 3rd in punt, pass and kick and 50 yd. dash.

Tommy Drouillard received 2nd place ribbons in 50 yd. dash and softball throw and 3rd in punt, pass and kick. Derrick Abeare placed 1st in softball throw and long jump and 2nd in the 50 yd. dash and punt, pass and kick. Corey Rice received 1st place ribbons in 50 yd. dash and Frisbee distance, 2nd in long jump and 3rd in softball throw. Eric Sims placed 1st in softball throw and 2nd in punt, pass and kick and long jump.

Neil Tinker received a 1st

place ribbon in punt, pass and kick, 2nd in 50 yd. dash and softball throw and 3rd in long jump. Scott Baker placed 1st in long jump, 2nd in 50 yd. dash, punt, pass and kick and softball throw.

The Grayling Tug of War team came in 1st place, beating both the Frederic and Prudenville Elementary Teams. Frederic's team pulled against the Prudenville team in a close contest for 2nd place. Frederic's team beat Prudenville. The Grayling team consisted of Neil Tinker, Eric Sims, Jessica Hall, Corey Rice, Tommy Drouillard and Derrick Abeare. Tom Eldridge, Billy Jo Sims, Rodney Boonie, Kelly Bergey and Dawn Whaley made up the Frederic team.

The local 440 Relay team came in 2nd against a fast Prudenville team. Don Baker's fast running at the end made it close. Mechelle Steiger, Scott and Don Baker and Shelly Horning ran the relay. This was the first time they had run together. Good race!

Lori Scudder and Chris Lauria would like to give a special thanks to Mr. and Mrs. Ray and Mrs. Drouillard who came and chaperoned. Without their help, this day would not have been possible. Thanks for the help!

Dawn, Jerry and Chris Whaley, Michelle Mitchell, Lori Sue Siewert, Mike Laurel, Rick Armstrong, Don Borchers, Jerry Harris, John Mertes, Frank Schoen, Bill Small, Tom Ferguson and Chris Wylie will be competing in Mt. Pleasant on May 30, 31, June 1 and 2. All of these athletes are from the Grayling area. If you are in the Mt. Pleasant area, stop in and cheer them on! Good Luck to all of you!

How are those carrots doing? Have you tried the 2 x 4 yet? Just to show you how much faith I have, I am going to put a 2 x 4 on my carrots. People have really questioned me on this one.

Here is another one for you. Did you know that seven pounds of human hair is equal to 200 pounds of cow manure when composted? Wish I could see the eyebrows on this one. Hair is pure nitrogen when broken down in the compost. If you trim the kids hair, put it in your garden after snipping the hair into one inch lengths. If your husband uses an electric shaver and cleans it on a regular basis, have him empty the contents on a wax paper for you so that you can put the shavings in your house plants. Just lay them on top and they will wash down.

Depending on the size of the clippings, it will probably take anywhere from a few weeks to a few months for the hair to break down.

I read this a long time ago but was still skeptical until I met a woman who put her husband's - Stanley was his name - shavings in her house plants. Her Hoya was the first one I actually saw in bloom with beautiful waxy flowers. My friend's husband was the County Magistrate, and it was the first time I could honestly approach a government official and say, "Stanley, I hear that you are just full of it."

Herbally Yours,
E. Diana Cerelli, C.H.

Resource Review

By Bruce Patrick
Conservation Officer

Some changes have recently been made in salmon snagging regulations in part of the state. Act 317, P.A. 1984 opened four areas to snagging for a period of three years: 1985, 1986, and 1987. These are:

a) The Sable River between Hamlin Dam and the mouth of the Sable River in Mason County;
b) The Pere Marquette River between signs located 1/4 mile upstream and 3/4 mile downstream, respectively, from the Scottville Bridge in Mason County;
c) the big Manistee River between Tippy Dam and signs posted approximately one mile downstream from the dam in Mason County; and
d) the Muskegon River between Croton Dam and the access site located at Pine Avenue in Newaygo County.

The season will be from September 10 to October 25, hook sizes will be: unweighted double or treble pointed hooks not exceeding 3/8 inch from point to shank and unweighted single pointed hooks not exceeding 1/2 inch from point to shank.

This legislation also places a requirement of a snagging stamp for snagging in these four designated areas. Any individual needing a fishing license (all types of licenses, including daily and Senior Citizen) must also have a snagging stamp. A trout and salmon stamp is, of course, necessary also.

The AuSable River from Foote Dam to Rea Road is also open to snagging. Regulations are the same mentioned above except that a "snagging stamp" is not required on the AuSable.

ROOC WORKSHOP ADDITION — Groundbreaking ceremonies were held May 10th for a 50 by 70 foot addition to the ROOC Workshop west of Roscommon on top of Pioneer Hill. Holding the shovel (at right) is Larry Meier, director of the ROOC Workshop, and John Cerven (left), representing area Knights of Columbus councils, who are helping raise funds for the addition. ROOC received a \$50,000 grant from the Michigan Rehabilitation Services and needs to raise \$15,000 through local fund-raisers for the addition. Houghton Lake radio station WJGS is also helping with fundraisers. From far left are Paul Matthews and Don London, from WJGS, Dick Bufkin, Michigan Rehabilitation Services, Debbie Hall, WJGS, Sheryl Avery, Mich. Rehabilitation Services, Herb Ripke, Jr., contractor, Cerven, Larry Andringa, Mich. Rehabilitation Services, Meier, David Rebschleger, architect, and Herb Ripke, Sr., contractor. The addition will be used for storage and office space at the workshop which employs nearly 150 clients and supervisors in assembly and packaging of products.

Social Security and the Budget

By Bob Davis
Congressman
Northern Michigan

The spotlight of the Fiscal Year 1986 budget process has focused on the issue of whether or not to provide a cost-of-living adjustment (COLA) for 36 million social security recipients. On May 10 the Senate passed a budget package which freezes these savings. For this reason, I am a co-sponsor of H. Res. 152, introduced by Congressman Claude Pepper, which opposes any reduction in social security benefits by any method; or

Editor's Mailbox

Dear Whitey:

It seems that you, too, have been caught up in the unions' and senior organizations' conception that any increase in Social Security less than what they want is a cut by the President and/or the Republican Party. May be those people receiving social security should be retired under a State of Michigan retirement program that is controlled by our Governor and the Democrats! The last time there was any increase at all in State of Michigan retirement programs was October, 1977, and this is a program financed by contributions that has nothing to do with whether the state budget balances or not.

We all know that the Social Security fund is in serious trouble. What do we gain by granting raises larger than the fund can handle, if the fund goes broke and no payments can be made to anyone in the future? Our whole society has become enamored with the idea that every time the cost of living goes up, everyone who works or draws a Federally funded retirement is entitled to a raise! Where is it written in stone or in our constitution that income should go up automatically every year? All that accomplishes is that the cost of living goes up some more.

Instead of complaining that Social Security is only being increased 2% instead of 4%, 5%, 6%, or more, let's get behind the President in his attempt to balance the budget so interest rates and tax rates can be lowered. If we pay out less in interest, taxes, or whatever, it is the same as getting a raise except that it doesn't put us into a higher tax bracket. This benefits us all but raises only benefit income tax collectors!

Grayling, Michigan

Dear Mr. Madsen:
In the issues of the Avalanche on May 2, 1985 & May 9, 1985, Reverend Barnett's column titled "The Bible Speaks" reads like the gibberish of a reform candidate for a political office rather than the Bible. Yes, a few Bible verses are tossed in to give credibility. But such drivel.

The first article accuses all traveling salesmen with the spread of AIDS through their relations with prostitutes. Having traveled for thirty years, I know of no gross indictment of these men and women who bring the plentiful goodness of our land into our homes. The "Reverend," a salesman of the highest order, even suggests the reader calculate the number of salesmen who contact prostitutes. Is the "Pastor" also a sociologist?

The second article attacks an "International gathering of historians, scientists, and scholars" who discussed "Jesus in history and myth." The good "Reverend" must have forgotten that the uncensored, unfettered minds of science, medicine, and the arts. This year we celebrate 40 years since VE day saw the end of Hitler's censorship which the "Reverend" and Jerry Falwell would like to impose on all but the "Born again Christian." The "Reverend" owes us an apology.

Thank you.

Benjamin F. Butts

adjustment, freeze, or delay in the COLA. I will continue to oppose any legislation, including budget resolutions, which include eliminating or postponing the adjustment for inflation.

COLAs were introduced in the 1970's to help social security recipients keep pace with inflation. Under the law, COLAs are automatically applied each year. The amount of the COLA is determined by the Consumer Price Index which measures the inflation rate for costs of all goods and services. The social security COLA is not applied when the CPI, or inflation rate, falls below 3 percent. It is anticipated that the January 1986 COLA will be approximately 4 percent. This means that the COLA will be automatically granted unless Congress passes legislation to prevent it.

I am often asked how social security contributes to the deficit when it is a self-financing program. Social security is self-financing and at the present is enjoying a surplus in trust fund reserves. However, social security funds are included in the accounting of all federal revenues, just as social security payments are considered when calculating all federal expenditures. So, while granting the automatic COLA does not add to the deficit because it has already been factored into the budget estimates, freezing the COLA does reduce total federal outlays — and ultimately the size of the deficit. For example, let's say your monthly household budget includes \$10 for telephone service. Unfortunately, your total monthly expenditures are \$50 over budget. If you retain your telephone service, you will still be \$50 in the red. However, if you eliminate it, the deficit will be reduced to \$40. The same principle applies for the social security COLA making it an inviting target for deficit reduction.

However, most senior citizens live on fixed incomes. The COLA simply allows the elderly to maintain their buying power from year to year. The House Aging Committee estimates that for 70 percent of social security recipients, the \$389 average monthly payment is the primary source of income, and for 30 percent it is the only source. I believe it is unfair to ask those least able to cope with inflation to shoulder this burden. For those living on fixed incomes, an additional \$10 or \$15 a month has a significant impact.

Open Letter To The 1985 Graduate

As we approach the graduation season in our community, we all need to be mindful of a problem that plagues every city in America - the teenage drunk driver. It's a fact that drunk driving is the leading cause of death for the 15 to 24 age group. The overall death rate in our nation is declining for all ages except for our youth; on the average day, 11 teenagers are killed and 300 teens are injured in motor vehicle accidents.

No community is isolated from this problem.

We know that teenagers learn from their experiences. This includes everything from their schools, their peer group, and their home environment. Not every student who sneaks a drink from the family liquor

cabinet comes from a bad home, or was hanging around with the wrong crowd. The important point to remember is that it makes no difference if the teenager samples alcohol as some premature rite of passage into adulthood, drinks periodically to be part of the crowd, or gets intoxicated on a regular basis in response to some real or imagined problem at home. When this is combined with driving, each scenario has an equal chance of ending in tragedy.

Efforts to reverse the trend are underway. Community agencies, schools, courts, parent and student groups are promoting public education and activities to convince local students that drinking and driving do not mix. Such activities include alcohol free parties sponsored by programs such as O-SEC in Cheboygan, with their successful 3 years of experience with over 1,000 youths. The Gaylord S.A.D.D. Chapter is currently planning its first annual alcohol free graduation party for students in the Gaylord Community Schools. Local community organizations and businesses need to support these life saving activities by helping underwrite the costs. The price of this support by students is a commitment by students to refrain from drinking themselves, and not to ride with anyone else who has been drinking.

While drunk driving is a national phenomenon, the solution must be local. As adults we must express dismay and discontent over the loss of young lives on our highways, and we must do something positive in our community to address this issue.

As a community, we can make this a happy and memorable graduation season by protecting our teenagers.

The message to the graduating class of 1985 is clear - please don't drink and drive. Your community really does care.

The basic goal of investing is to make and keep as much money as you can. After taxes. And with a Nuveen Triple Tax-Free Michigan Trust yielding **8.96%*** you make a lot and keep it all.

Isn't it always a surprise — and not a pleasant one — when you add up all the interest you've earned in a year and then find you have to pay a big chunk of it in taxes?

That, to put it simply and shockingly, is money right out of your pocket.

Money you definitely do not have to pay.

Why not? Because you can invest your money in a Nuveen Triple Tax-Free Michigan Trust instead. You see, with a Nuveen Michigan Trust, you

don't pay a penny in federal or state income taxes or Michigan's intangibles tax. Not a penny.

The money that's now going out of your pocket stays in your pocket. Where it belongs.

Nuveen allows you to meet the basic goals of sound investing: you get a handsome return and you get to keep it all.

For more complete information on the current series of the Nuveen Tax-Exempt Bond Fund, Michigan Trust, including charges and expenses, send for a prospectus by telephoning or mailing the coupon. Read it carefully before you invest or send money.

*This return, payable monthly, represents the net annual interest income for Series 176, after annual expenses, divided by the public offering price on 5/9/85. The return will vary with changes in interest income or the public offering price, with the payment option chosen and with the amount invested. Interest income will remain the same as long as the portfolio remains intact. In the first year, this return could be slightly lower due to when-issued portfolio bonds.

Medley Wins at Regionals, Earns Trip to State

STATE QUALIFIER — Gina Medley, GHS senior, pulls ahead of her nearest challenger to win the 3200.

GHS Senior Gina Medley took first place in both the 1600 and 3200-meter regional races to qualify for state finals.

Medley recorded her best time of the year in the 3200 at Traverse City Saturday competing in the 19-team regional meet. Her winning time in the 3200 was 12:07.

Medley took first place in the 1600 with a 5:30 mark.

She also took 5th place in the 800 meter race at regionals. Only the top three finishers receive all-state honors. Vikings coaches Dan Ullery and Mike Smith say she has a good chance to make the top three.

"She had good times at regionals despite strong winds," Ullery said.

The last Vikings track athlete to earn all-state honors was Beth Jones with two 3rd place finishers at state in the 1600 and 3200 meter.

Rogers Ousts Grayling 9 From State Tournament

TAKING ONE — Jeff Branch waits on a curve ball from a Gaylord pitcher as his teammates watch from the dugout.

Rogers City, ranked tenth in class C, knocked Grayling out of state tournament play Saturday with a 7-3 win.

Rogers City scored first on an unearned run in the first following a single, stolen base, wild pitch, and error on the catcher. They scored two more in the next inning with a walk, double, and single.

Grayling came back with two in the fourth and had a chance to tie or go ahead. Meagher started with a walk. Branch hit into a fielder's choice but both runners were safe. McKinney singled in a run and Patterson walked to load the bases. McClellan struck out, Duncan popped out to the second baseman, and then Palmer walked to bring in a

run. Naghtin struck out to end the threat.

Rogers City scored two more in the fifth and sixth. Grayling added a run in the fifth on a single by Meagher, walk to Branch, and single to Patterson.

Patterson and Meagher each had two hits and McKinney had the only other Viking hit.

Grayling bats were also silent against Gaylord Thursday in the first game gathering only one hit by Patterson. The Vikings lost that game 5-1 but came alive to win 7-3 in the second game.

Patterson led a 12-hit attack with three hits including two doubles. Duncan and McKinney had two hits each and Nicholas, Meagher, Branch, McClellan, and Hudson all had hits.

Hudson was the winning pitcher giving up only four hits.

Grayling plays Gaylord St. Mary's at home Wednesday, May 29, at 4 p.m.

**Students Participate in
Midwest Talent Search**

This year the Midwest Talent Search Project of Northwestern University conducted its fourth annual search for junior high students who are academically talented. This year 9 seventh and eighth grade students from Grayling Middle School participated in the search. These students qualified for the program by scoring at the 95th percentile or higher on the verbal and mathematical portion of a standardized in-grade achievement test.

They took the College Board's Scholastic Aptitude Test (SAT) in January, a test usually taken by high school juniors and seniors. The purpose of the SAT is to provide more information about students' abilities. Local schools use this information to help provide special programs and services for such students. These students received certificates of recognition and a listing of summer and academic year programs designed especially for such high caliber students.

The Midwest Talent Search Project serves eight states in the midwest: Illinois, Indiana, Michigan, Minnesota, North Dakota, Ohio, South Dakota and Wisconsin. Over 20,000 students participate in the talent search on an annual basis.

Each participating student will be eligible to attend summer enrichment courses at Kirtland Community College. In addition students who achieved high scores on the Scholastic Aptitude Test are eligible to receive scholarships provided by COOR Intermediate School District and the Crawford AuSable School District to attend special summer programs. The students who qualified for scholarships are: Tracy Schanz and Todd Laitinen.

Phone Bills**

Telephone users purchasing long distance and other interLATA services within Michigan from AT&T Communications through General Telephone will soon find that the bills for such services contain a 19.8% surcharge.

The surcharge, effective April 2, 1985, was authorized AT&T by the Michigan Public Service Commission.

General Telephone, which bills its customers for AT&T services as well as those it provides, is scheduled to begin sending bills with the new surcharge on April 29, according to Max Preston, state vice president and general manager for General Telephone.

**To Hold Revival
Services May 23-26**

Grayling Baptist Church is pleased to announce they will be holding Revival Services May 23-26. Pastor George Yarborough from Calvary Baptist Church, Kingsville, Texas will be the guest speaker.

Brother George has been in the ministry 17 years, during which time many of his congregation have been called into full-time Christian service. In the last three years at least 6 families were called to the gospel ministry from the church Brother Yarborough pastors.

The services will begin at 7 p.m. nightly, Thursday through Saturday with regular scheduled services on Sunday. Grayling Baptist Church is presently meeting at Hanson Hills. The public is cordially invited to come out and hear this dynamic man of God, and also enjoy the special music and good fellowship.

Also needed are former Air Force people with experience in air traffic control, aircraft systems, aircraft weapons, munitions maintenance, avionics and ground communications to name a few.

People who want to find out if they are eligible to enlist during this special recruiting drive should contact Staff Sergeant Ferrier.

"They will get their rank back if they have less than a four-year break in service and a cash bonus to boot."

Traverse City - The Air Force has an urgent need for nearly 900 Air Force prior service people with experience in tactical aircraft maintenance, according to Staff Sergeant Terry Ferrier, Air Force recruiter at 120 Boardman Avenue, Traverse City, Michigan 49684. The job includes inspecting, repairing, and maintaining tactical aircraft and tactical aircraft equipment.

"Former aircraft mechanics who have been out of the Air Force less than five years are eligible to apply," said Staff Sergeant Ferrier. "They will get their rank back if they have less than a four-year break in service and a cash bonus to boot."

City Council Proceedings

Regular meeting of the City Council held April 29, 1985. Meeting called to order by Mayor Thompson at 7:30 p.m. Members present: Golnick, Latuszek, Sloan, Sabin, Thompson.

Members absent: None.

Also in Attendance: Jerry W. Morford, City Manager, Allen V. Schreiner, City Treasurer, Don Geiss, WQON; Patricia Schreiner, Mary Jane Thayer, Art Thayer, Dave Frederick, A.D. Sorenson, and thirteen students.

Motion by Sabin, supported by Golnick that the minutes of the meeting of April 8, 1985 be approved as presented. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Citizens who wish to speak.

Mr. and Mrs. Thayer appeared to discuss the street condition along Plum & Ottawa Street. Mr. Thayer complained about the manner in which the streets are graded in the summer and snow plowed in the winter. He asked if something could be done to alleviate the situation. Mr. Thompson responded that the matter would be looked into and something would be done about it.

Communications were received and noted.

From Grayling Housing Commission re: Meeting Minutes of March 22nd and April 9, 1985. Ms. Latuszek asked if Council wished to have the Housing Director appear at a future meeting. Council agreed that this would be a good idea.

From City Property Tax Board of Review re: Meeting Minutes. Some questions were asked to which Mr. Morford replied to the best of his knowledge.

From M.M.L. re: Three Legislative Bulletins.

From M.M.L. re: Region VIII & IX Meeting 5-16-85. Mr. Morford, Mr. Schreiner, and Mr. Golnick will attend the meeting.

From ICMA re: 50th Anniversary of Council-Manager Plan.

From Attorney Terrence Bloomquist re: Accident to Ms. Sharon Nelson. Mr. Morford stated that he has forwarded the letter to our Insurance Service Agent.

Old Business.

Discussion of the Crawford County Transit Authority took place. Mr. Morford presented several pieces of information for perusal. Included was a letter asking several questions of the involved governmental units. Mr. Thompson stated that it was self-evident that the City Council wished to have a Transportation Authority. Mr. Morford noted that funding of the bus system came from fares, taxes and help from the State of Michigan and Federal Funds. None of this funding is used for the Airport. The net losses of the Airport operation have in the past been picked up by subsidies from the three participating governments. Ms. Latuszek stated that she was definitely disturbed by the tone of the letter. She also stated that she would not wish to sacrifice input by three governmental units to promote efficient operation. Mr. Morford agreed. Mr. Sabin stated that according to the agreement that the government units did not have much control over the C.C.T.A. Board except for appointments to the board and/or funding the deficits. Mr. Morford stated that the C.C.T.A. Board was searching for answers. Mr. Sloan asked about Mr. Frederick's position and title. Mr. Morford replied that he was the Executive Director. Mr. Frederick stated that the Crawford County Board of Commissioners were supportive of items 3, 4 and opposed to 5 of the letter. Mr. Sabin asked if any serious thought had been given to reducing the scope of the C.C.T.A. to just the Bus System. Mr. Frederick replied that it would take an amendment to the Inter-Governmental Agreement but he was certain that some thought had been given to this. Mrs. Schreiner asked why the State of Michigan or the National Guard do not help fund the Airport. Mr. Frederick has discussed this with the U.S. Department of Defense. Since they first built the facility they feel they have contributed all they can. He is continuing the discussions. Mr. Thayer commented that perhaps Reps. Bob Davis and Bill Schuette should be involved. Mr. Frederick noted that eleven months ago he contacted Bob Davis and has received no reply. Mr. Morford stated that at present the city's share of the Airport deficit is approximately \$40,000 per year.

Motion by Sabin, supported by Sloan that Council pose the question to the C.C.T.A. as to whether or not that Board feels that the Airport is a worthwhile effort. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Morford asked if the Council wished to remain as a part of the C.C.T.A. Council agreed that they do wish to remain in the organization. Mr. Sabin added that he is not a C.C.T.A. Board Member but that he feels that Mr. Frederick is doing an excellent job. Mr. Thompson agreed. Mr. Golnick stated that since the millage for the bus line was passed on a county-wide basis he feels that the C.C.T.A. should be appointed and run by Crawford County.

New Business.

The City Manager presented Council with information related to the heating and air conditioning systems in City Hall. Further discussion will be had during the budget process.

A letter from Meadowbrook Insurance Group was presented relating cost changes in our Fleet Insurance Policy. Council agreed that we should not change the deductible portion of our auto policies in light of the small difference in cost.

Reports of City Manager. Mr. Morford reported on the following:

Salt Brine for dust control.

Mileage and gasoline report.

Settlement of a legal matter.

Motion by Sabin, supported by Golnick that Council express their agreement with the proposed settlement and authorize the attorney and City Manager to proceed. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Status of 4th of July Fireworks on Camp Grayling property.

Scheduling a meeting of the Cemetery Committee.

Public Works Week, May 19-25, 1985.

Spring Clean-Up Campaign.

Assessing Contract & Meeting with Crawford County

Representatives.

Housing Commission Data.

Status of Housing Commission Personnel Policy.

Rehiring a former employee.

Motion by Golnick, supported by Thompson that the former employee be contacted and offered a new position with the proposed terms as outlined in Mr. Morford's memo. Ayes: 3, Nays: 2 (Sabin, Sloan). Absent: 0, motion carried.

Status of Tom Brooks employment.

Request for Accident Report regarding slip and fall incident.

Reports of Councilmen

Ms. Latuszek asked for more information in regard to the Police Department (i.e. busy times, hours and days) for various types of activities.

Mr. Thompson reported on a complaint by Mrs. Sally McPherson.

Adjournment.

Motion by Thompson, supported by Golnick that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried.

The meeting was adjourned at 9:35 p.m.

SPECIAL CITY COUNCIL MEETING HELD

MAY 6, 1985

Meeting called to order by Mayor Pro-Tem Golnick at 7:30 p.m.

Members present: Golnick, Sloan, Latuszek, Sabin.

Members absent: Thompson.

Also in attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer.

The agenda for the meeting was the proposed 1985-86 Budget.

The City Manager discussed the budget message. He explained to Council that the revenues as projected were based on a 12.73753 mill levy with .25 mills for G.O. Bond Debt reduction. In order to fund the proposed budget an increase of 2,41247 mills would be required.

Ms. Latuszek stated that the proposed budget gave two choices: either cut \$62,000.00 from the budget or raise taxes.

Discussion was held regarding the propriety of charge-backs of equipment rental to other departments. In addition establishment of a capital replacement fund in the internal services area was pursued.

Mr. Golnick stated that Council should set policy that Mr. Brooks position not be replaced and that the position remain vacant. The balance of Council agreed.

Council asked the City Manager to meet with the Fire Chief to determine the minimum budget they could live with.

Council asked for 10% reduction in all supplies for all departments.

Mr. Golnick suggested that Chamber of Commerce Dues be cut to \$1,000.00 and that they be informed that next year it may need to be cut entirely. Council settled on reduction of \$1,750.00 for 1985-86 leaving a total of \$550.00.

Council agreed to delete \$1500.00 from Christmas Community Promotion.

Council asked the City Manager to request the Police Chief to determine the budget as much as possible.

Ms. Latuszek recommended that the 60-40 sidewalk split be reduced to \$1,000.00. Council agreed.

Mr. Sloan requested that the sidewalk maintenance be deleted. Council agreed on reducing the cost to \$500.00.

Council requested the City Manager to inform residents that leaves will only be picked up if they are in plastic bags and the leaf and brush pick-up be cut to \$19,100.00.

Council cut Sundry Promotions to \$1200.00.

Ms. Latuszek requested that \$6,000.00 of Federal Revenue Sharing be used for the Cemetery Fence. Council agreed.

Motion by Golnick, supported by Sloan that the meeting be adjourned. Ayes: 4, Nays: 0, Absent: 1, motion carried. The meeting was adjourned at 11:11 p.m.

PROGRESS

Sometimes progress is easy and exciting; sometimes wrenching and difficult. Progress is always necessary. We stand for progress today just as we did many years ago in the days of our beginning as the Grayling Chamber of Commerce, during the time of the timber resources on which the com-

munity was founded neared depletion. Again today this organization stands for major economic recovery of the Grayling Area, beneficial to all. We urge you to join the work for growth that will make Grayling's future shine even more brightly than its splendid past.

Chamber Chatter

The social highlight of the season was again a great success as the Annual Grayling Regional Chamber of Commerce held its meeting, May 16th, at the Red Barn. The officers and Directors welcomed the membership and guests with cocktails at 6:00 p.m., followed by dinner at 7:00 p.m. It was a sell out crowd that witnessed a presentation early in the evening of the proposal made to Anheuser Busch Corp., makers of Budweiser Beer, for sponsorship of the Annual AuSable Marathon Canoe Races. It was a well prepared tape and slide presentation depicting highlights of yesteryear and some of the outstanding performers. Steve Southard of Ray's Canoe Livery, together with Jim Adams, photographer and the voices of Cheryl Alef and Damon Thayer, brings a realistic explanation to the screen. As a result, Budweiser, through their local distributor, Fabiano Brothers, has pledged their support. During the business portion of the evening's programs, outgoing President Kathy Ashton delivered her State of the Chamber Address. Kathy reviewed the past year's accomplishments and emphasized the services rendered by the staff since occupying new quarters in the City Park. Kathy stated that the past 11 months, the Chamber Office Staff has processed: Phone Calls - 2,832, Walk-in Visitors - 5,037, Have received Written Letters - 4,095, Have Mailed Information - 5,058.

"The Chamber concerns itself in behalf of its membership and the entire community with the economic welfare and development," said Mrs. Ashton.

The affairs of development are assigned to 12 operating committees whose chairmen reported on their accomplishments and objectives for the coming year.

Receiving Certificates of Merit are outgoing Board Members, Donna Maser of Old Kent Bank, Jim Packard of Mercy Hospital, and JoAnn Cox of the Holiday Inn.

Past President Kathy Ashton was presented a plaque, commemorating her term of office, from New President John Alef II.

Mr. Alef in his acceptance remarks outlined goals for the coming year. He sought and invited co-operation from the entire community. He pledged continuation of traditional successful events, such as Winter Carnival, Orangecoat Roundup, Milltown Festival and others. John introduced the new officers for the year, with Norma Naour as 1st Vice President, Randy Thompson as 2nd Vice President and Dr. Paul Mesack as Secretary-Treasurer. New to the Board of Directors are Mike McNamara of Mac's Drugs, Randy Thompson of Century 21 and Jill Wyman of The Icehouse.

To top off the evening, those attending were delightfully entertained by the dynamic Viking Singers of Grayling High School and directed by Howard Taylor. Their repertoire consisted of old and new, classics and country. They are very good and were grateful for their appearance.

Executive Director, Walt Nowak, acted as Master of Ceremonies and recognized Tom Rose of E.M.T.A., Bud Joyce of Crawford County Commissioners, Marty VanDeVen who is Citizen of the Year, Joyce Kolka, Staff Secretary and Office Manager.

The price of liberty

One of the most distinguished statesmen and orators of the Revolutionary War of America was Patrick Henry. It was in 1775 that he said, "Give me liberty or give me death."

Since that time many men and women have given their lives for the cause of freedom.

As Memorial Day comes upon us, let us remember those servicemen and women who made the great sacrifice. Through their bravery, we have been given the right to choose our own faith and destiny.

State Police In "Operation Care" Memorial Weekend

Michigan State Police will participate in "Operation Care" joining with 41 other states to emphasize traffic safety and seat belt use this Memorial Day holiday weekend, May 24-27, according to department director, Col. Gerald L. Hough.

Fifty-six Michigan State Police posts are involved in this combined accident reduction effort to help hold the line on summer traffic casualties. Hough explained that 3750 overtime hours are scheduled for this holiday with enforcement of alcohol violations and speed enforcement a primary goal. Michigan's participation in the "CARE" effort last Memorial Day weekend held traffic deaths to 18, he noted. Prior to Operation CARE, the average loss of life on

Michigan's roadways over Memorial Day weekend was 30.

Emphasis will also be on the "All American Buckle Up" program designed to encourage motorists to voluntarily wear their safety belts. Of the 13 victims who had safety belts available last year, only one was wearing it, Hough said. By wearing a safety belt, a minimum of 300 lives could be saved annually in Michigan, he added. Although Michigan's safety belt law won't go into effect until July, the importance of willing compliance is being stressed.

Forty-seven volunteer groups will serve refreshments and hand out traffic safety literature in 59 different rest areas across the state. Motorists are encouraged to take a break for safer driving.

Michigan will join with Indiana State Police and the Ohio Highway Patrol in a special kickoff at the Travel Information Center on northbound I-69 freeway four miles north of the Indiana-Michigan state line on Friday, May 24 at 10:00 a.m. They will be joined by a representative from AAA who will introduce a unique pledge program to encourage safety belt use.

For additional information, contact Sgt. Marshall Weeks, Traffic Services Division, 517/322-1968.

Arts Council's Dance Recital Set for June

The Crawford County Arts Council's dance program will present its dance students in recital on June 28-29, at 7:30 p.m. in the Joseph Stripe Auditorium.

The first part of the evening will present each dance class in one or two numbers. The second part will feature several ballet classes in "Cinderella," choreographed by instructor Louise Tournaud-Hayes.

Tickets will go on sale in early June. The public is invited to attend this annual event.

The Arts Council held its monthly business meeting on May 21. The next meeting will be Tuesday, June 18, at 7:30 p.m., with the location to be announced. New members are welcome at any time: call membership chairman Lorna Morse 348-7037 for information.

Moped Operators Need License

Secretary of State Richard Austin today reminded all moped operators that they must be registered and the operator licensed to ride on public roads and streets.

Austin's advice follows numerous complaints from the public and law enforcement officials that many individuals mistakenly believe they can operate mopeds on highways without either a license or registration.

All operators of these vehicles must have a driver license or a special moped license, be at least 15 years of age and register the vehicle with the Department of State. In addition, all operators under 19 years of age, must wear helmets.

Under the Michigan Vehicle Code, mopeds are prohibited on freeways, must share a traffic lane with other vehicles and are prohibited from operating on sidewalks. The Code defines mopeds as two or three-wheel vehicles, with no more than two brake horsepower and a top speed of 30 miles an hour.

Austin asked all moped dealers to inform buyers of requirements and furnish them with a copy of "What Every Motorcyclist and Moped Operator Must Know," published by the Department of State.

The first part of the evening will present each dance class in one or two numbers. The second part will feature several ballet classes in "Cinderella," choreographed by instructor Louise Tournaud-Hayes.

Tickets will go on sale in early June. The public is invited to attend this annual event.

The Arts Council held its monthly business meeting on May 21. The next meeting will be Tuesday, June 18, at 7:30 p.m., with the location to be announced. New members are welcome at any time: call membership chairman Lorna Morse 348-7037 for information.

State Police In "Operation Care" Memorial Weekend

Michigan's roadways over Memorial Day weekend was 30.

Emphasis will also be on the "All American Buckle Up" program designed to encourage motorists to voluntarily wear their safety belts. Of the 13 victims who had safety belts available last year, only one was wearing it, Hough said. By wearing a safety belt, a minimum of 300 lives could be saved annually in Michigan, he added. Although Michigan's safety belt law won't go into effect until July, the importance of willing compliance is being stressed.

Forty-seven volunteer groups will serve refreshments and hand out traffic safety literature in 59 different rest areas across the state. Motorists are encouraged to take a break for safer driving.

Michigan will join with Indiana State Police and the Ohio Highway Patrol in a special kickoff at the Travel Information Center on northbound I-69 freeway four miles north of the Indiana-Michigan state line on Friday, May 24 at 10:00 a.m. They will be joined by a representative from AAA who will introduce a unique pledge program to encourage safety belt use.

For additional information, contact Sgt. Marshall Weeks, Traffic Services Division, 517/322-1968.

Curt & Sue Jansen are the proud parents of a baby girl, Sally Kathleen. She was born May 16, 1985, and weighed 8 lbs. 2 ozs. The proud grandparents are Don & Elsie Jansen, and George & Lorna Morse.

SRA Roed, John J. of Frederic is home on leave from his tour of duty with the Air Force. After Memorial Day he will be returning to the Netherlands.

Regina Medley, a student who will graduate in June from Grayling High School, was mentioned in the Detroit Free Press magazine as being on the Class C honor roll for the Michigan Academic All-State program sponsored by The Detroit Free Press and Michigan Association of Secondary Principals. She received honorable mention. Final selections were based on grade point averages and the college testing scores. Regina is the daughter of Bert & Shirley Medley of Lake Margrethe.
